## B. Steps to File Form GSTR-1 Summary

Taxpayer can follow the below steps to file GSTR-1:

i. Download Details from E-Invoice (EXCEl), incase generating E-invoice
ii. Add or amend the records in GSTR-1
iii. Click ‘Generate Summary’ button to generate the summary,
iv. Click ‘Proceed to File/Summary’ button to view the final summary before filing
v. Click ‘File Statement’ button to file GSTR-1/IFF.

## C. Download Details from E-Invoice

Downloading details from E-invoice reduces the burden of taxpayers to again upload details of outward supplies in their Form GSTR-1. With the auto-populated details, taxpayers can use it to file their Form GSTR-1 easily.

After generating invoices, the taxpayers will upload the invoice details on Invoice Registration Portal (IRP), which in turn will generate a unique invoice reference number (IRN), a QR code and digitally sign it. The GST Portal will get these E-invoice details from IRP and update it in the taxpayer's Form GSTR-1 in a period of 2 days.

The data gets auto-populated from E-invoices in the following tables of Form GSTR-1:

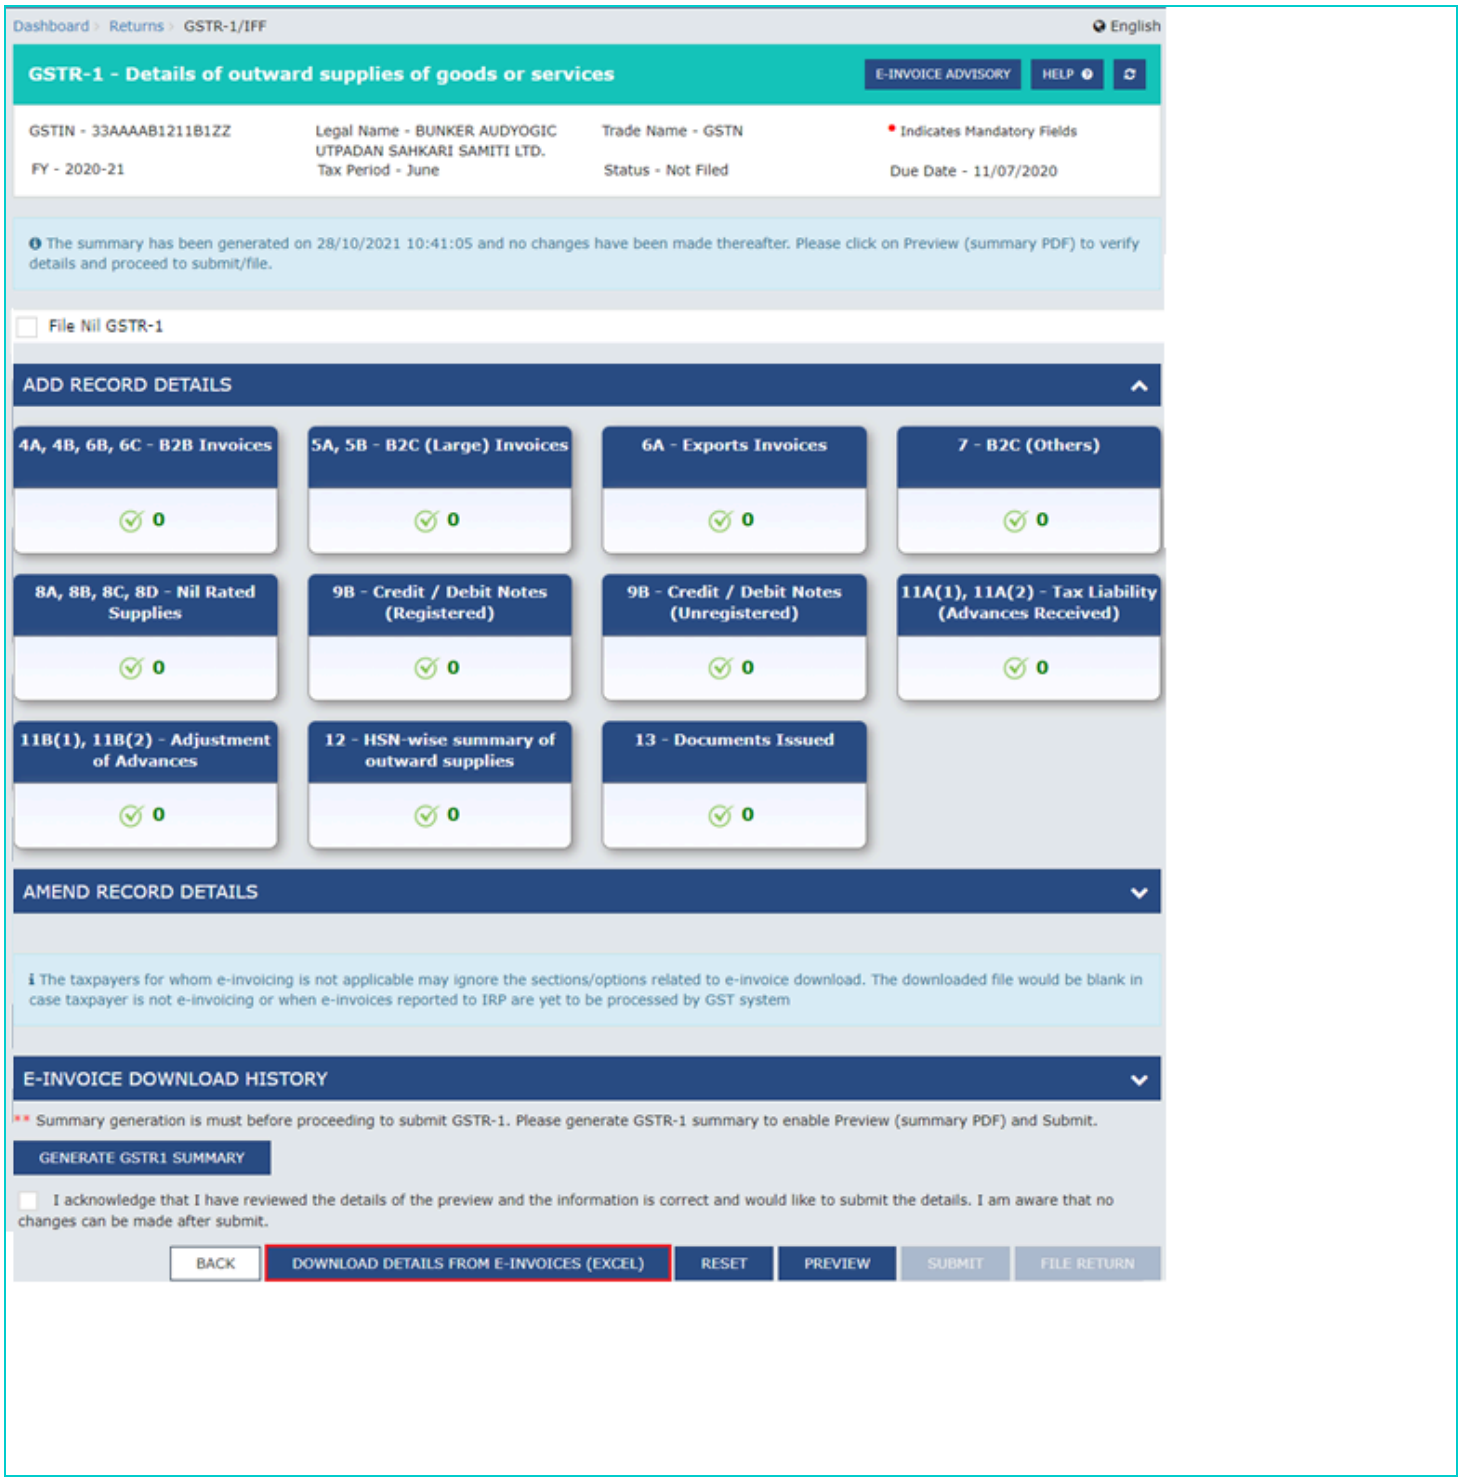

a. 4A, 4B, 4C, 6B, 6C – B2B Invoices

b. 6A – Export Invoices

c. 9B – Credit/Debit notes (Registered) - CDNR

d. 9B – Credit/Debit notes (Unregistered) - CDNUR

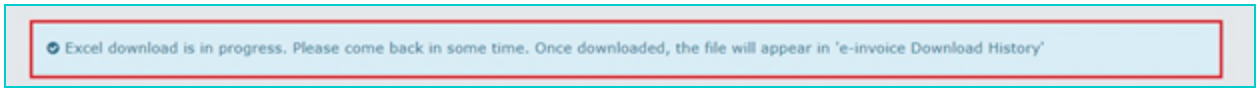

2. To download details from e-invoice, click the **DOWNLOAD DETAILS FROM E-INVOICES (EXCEL)** button.

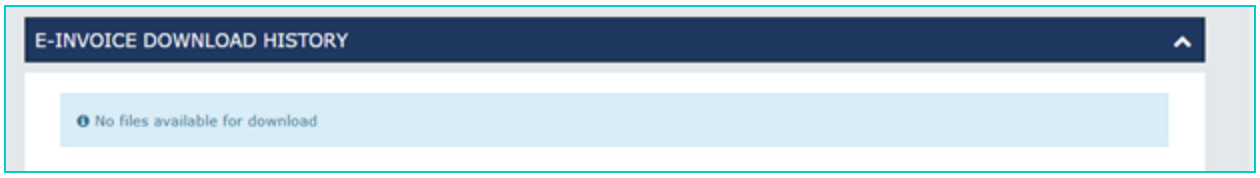

3. Clicking the button downloads the file in an excel format.

**Note**:

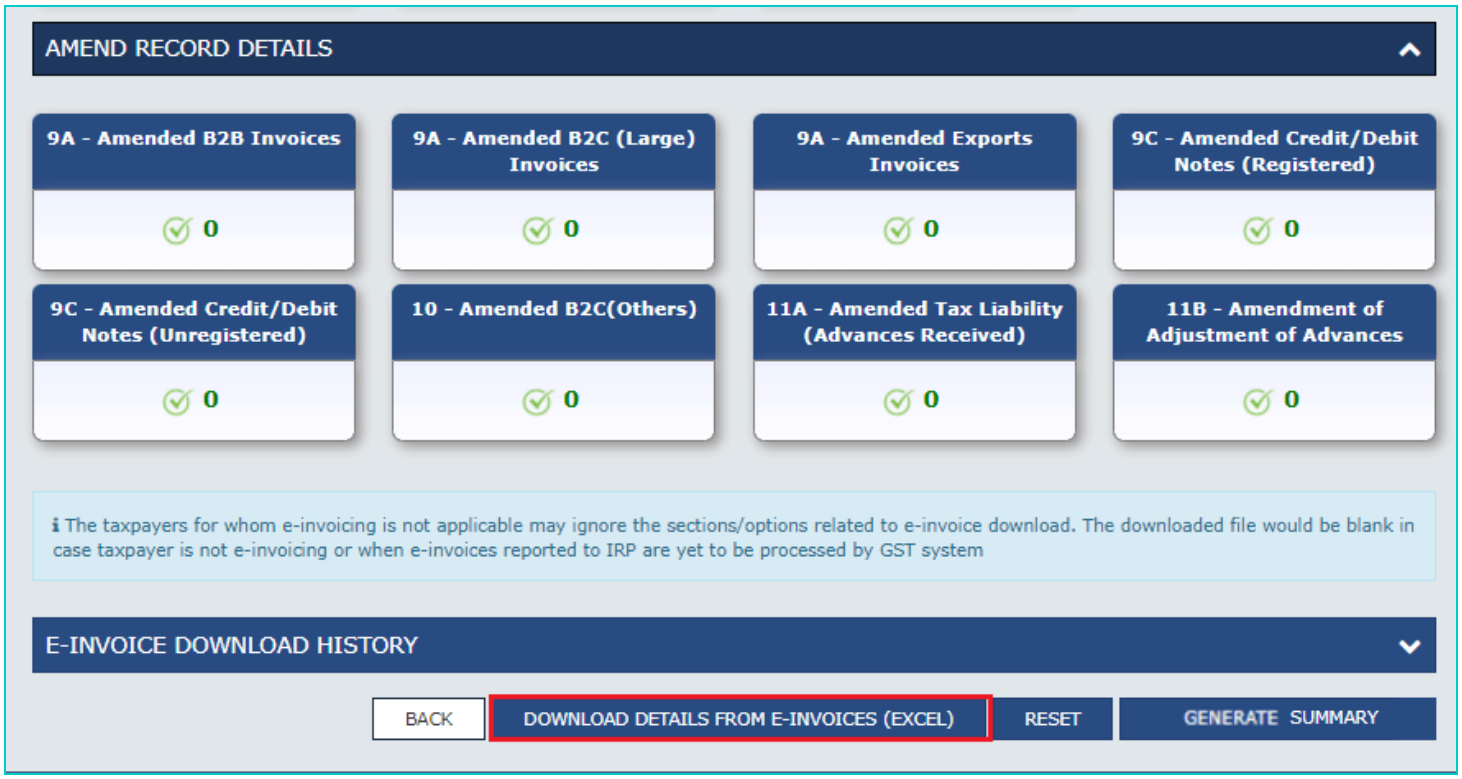

- In case the number of records available are less than 500, then the excel gets downloaded instantly and in-progress message will not be displayed. The excel will get downloaded instantly.
- If the records are more than 500, the downloaded file will appear under the ‘E-invoice Download History” section and below progress screen will be shown.

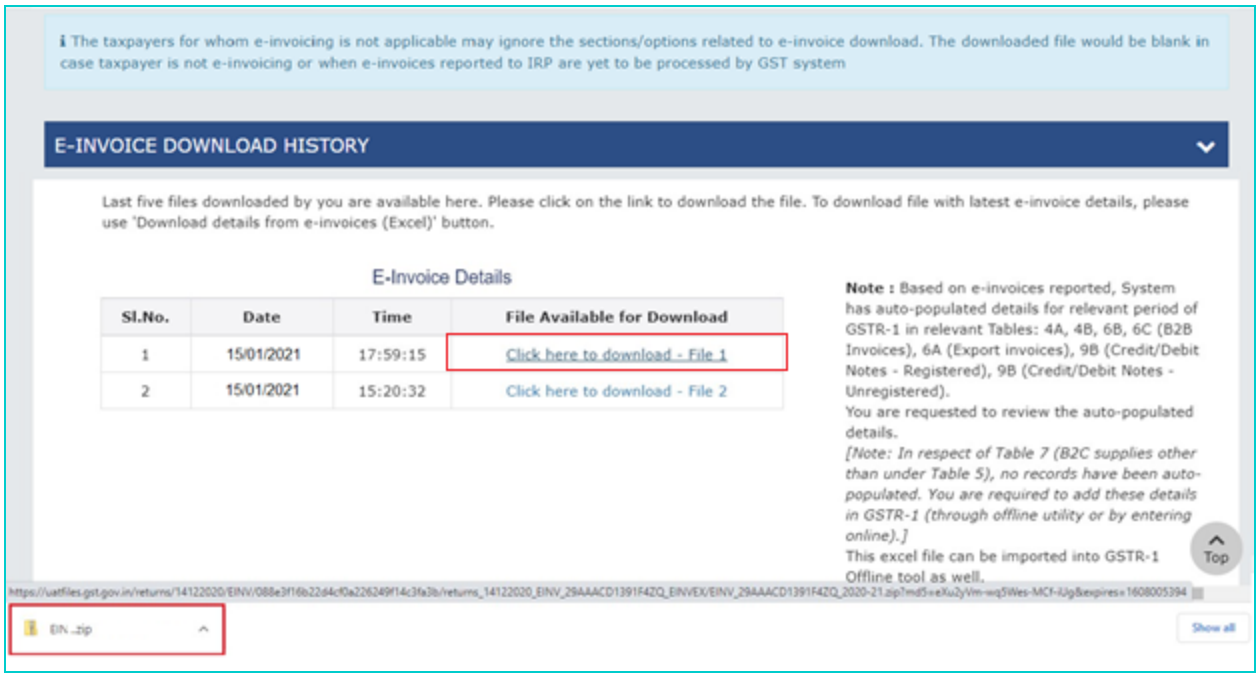

- In case there are no records or zero records available to be downloaded, then the following information message will be displayed on the screen.

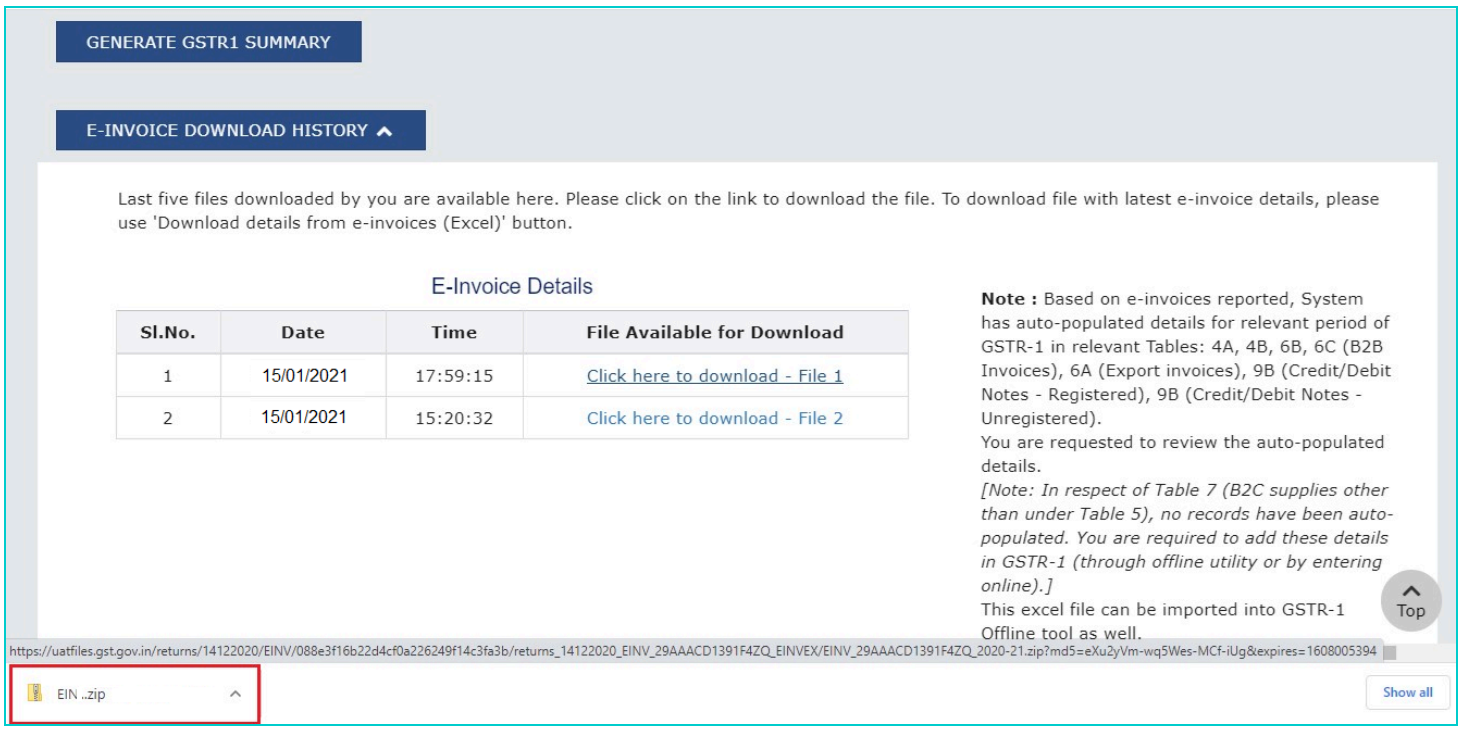

4. Click the **E-INVOICE DOWNLOAD HISTORY** button to view the downloaded excel files.

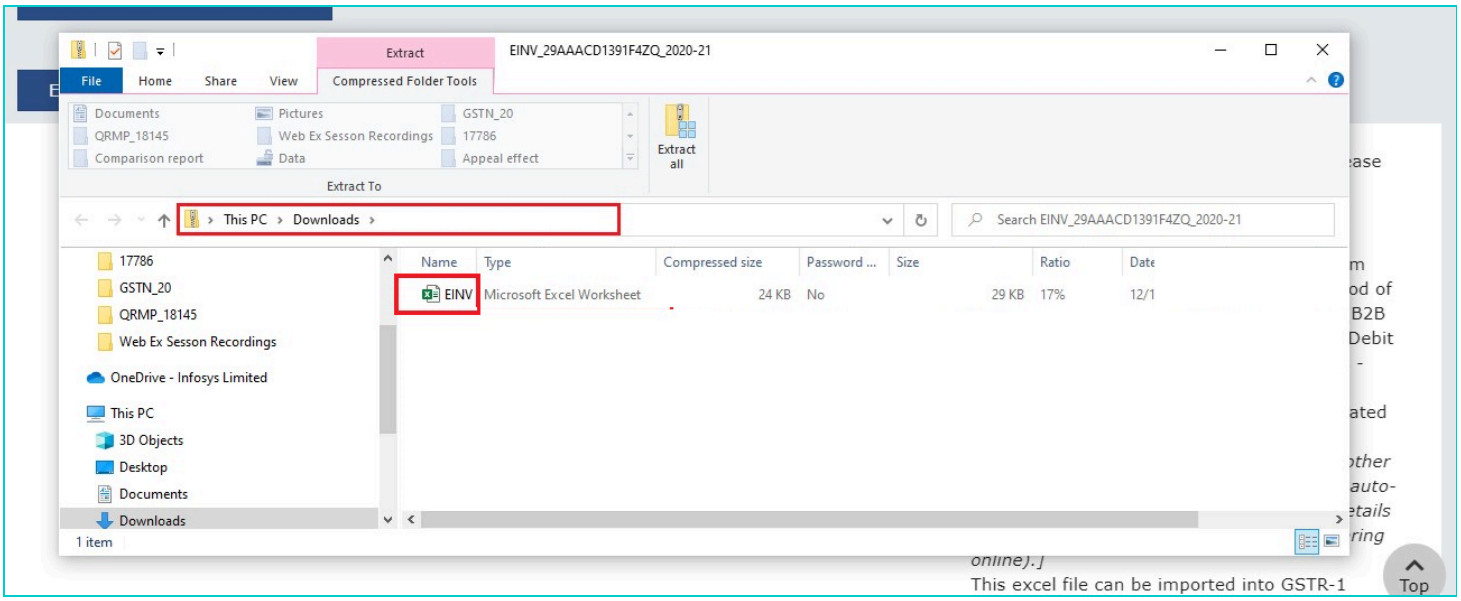

5. The E-invoice Details section provides the last five downloaded e-invoice excel files by the users, with date and time stamp. Click the Click here to download – File1 link to download the excel file .

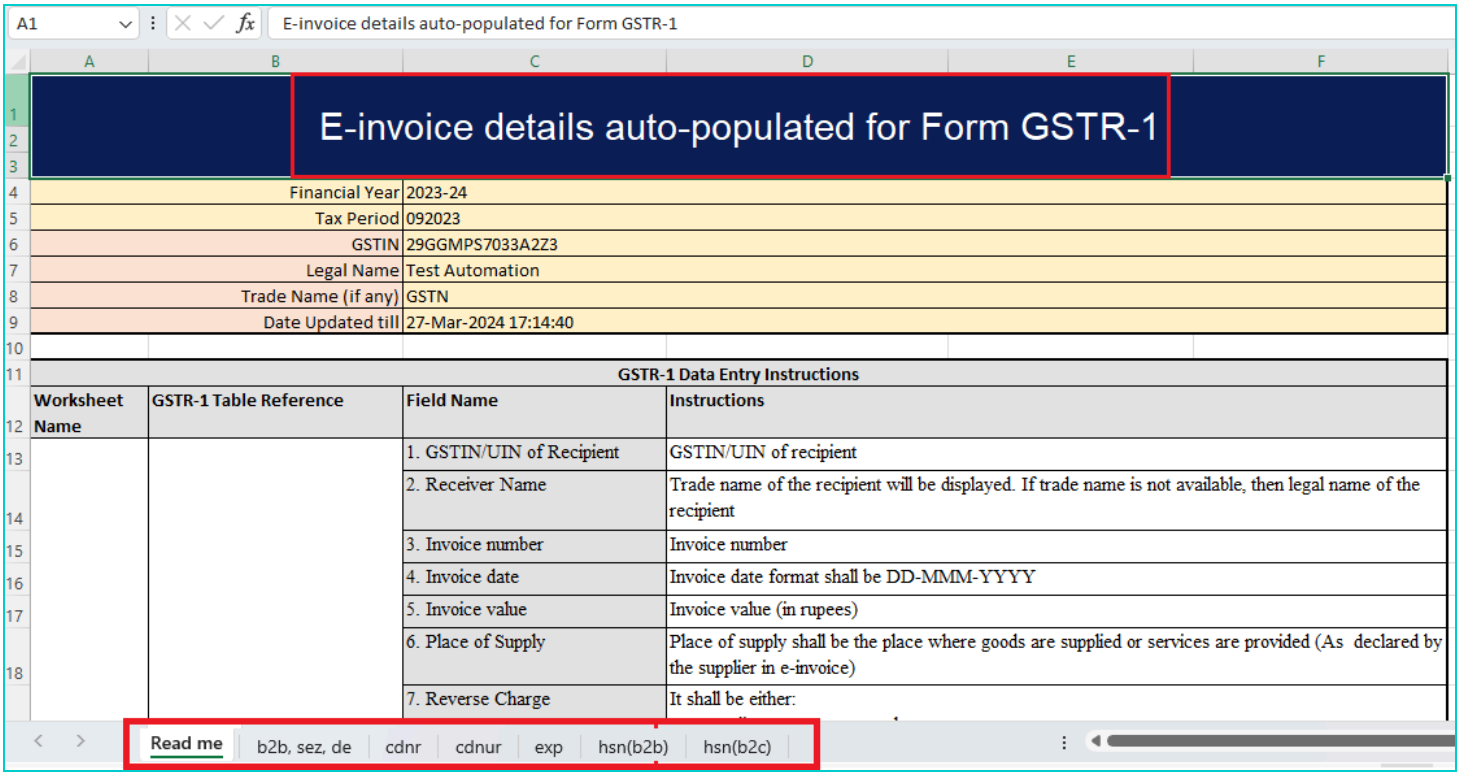

6. The file gets saved in the local drive of your machine. The link for the downloaded excel file is displayed at the bottom of the page.

7. Click the file icon to open the folder on your local machine.

8. The excel file is displayed.

**Note**: The E-invoice details that are auto-populated from invoices for Form GSTR-1 are displayed in excel. The details of various tables are displayed in different sheets, which can be accessed by clicking the tabs available at the bottom of the sheet.

## Table 12 - HSN-wise-summary of outward supplies - Before May'21

To furnish the **HSN-wise summary** of outward supplies, along with quantitative details, before May'21, perform the following steps:

11.1. Click the **HSN-wise summary of outward supplies** tile to furnish the summarized details of all outward supplies, HSN-wise, along with quantitative details.

Note: You can import the data from e-Way Bill (EWB) System by clicking on the **IMPORT EWB DATA** button. To view step-by-step instructions on how to do this, click here.

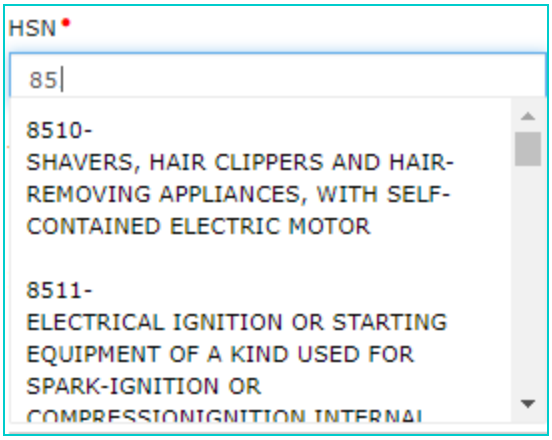

11.2. The **HSN summary of outward supplies – Add/Edit Details** page is displayed.

11.3. In the **HSN** field, enter the HSN/SAC code of the outward supplies.

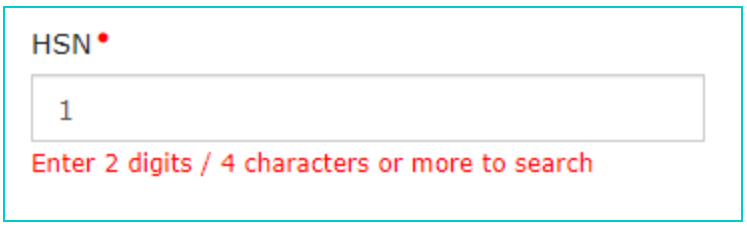

Note1:

Taxpayer can select HSN code by entering at least 2 digits or 4 characters in the field for HSN. When taxpayer enters digits/characters in HSN field, related details will appear in the drop-down list. Taxpayer can select the relevant HSN code from the drop down and description will be auto-populated.

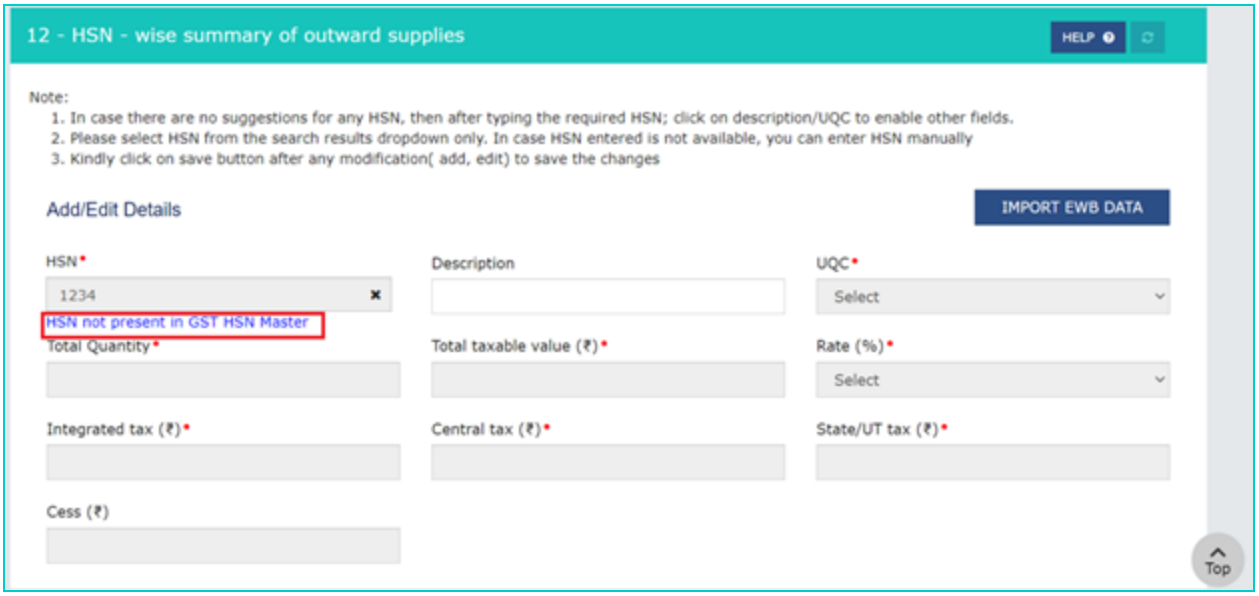

Note2:

If only one digit of HSN is entered, an error message will appear.

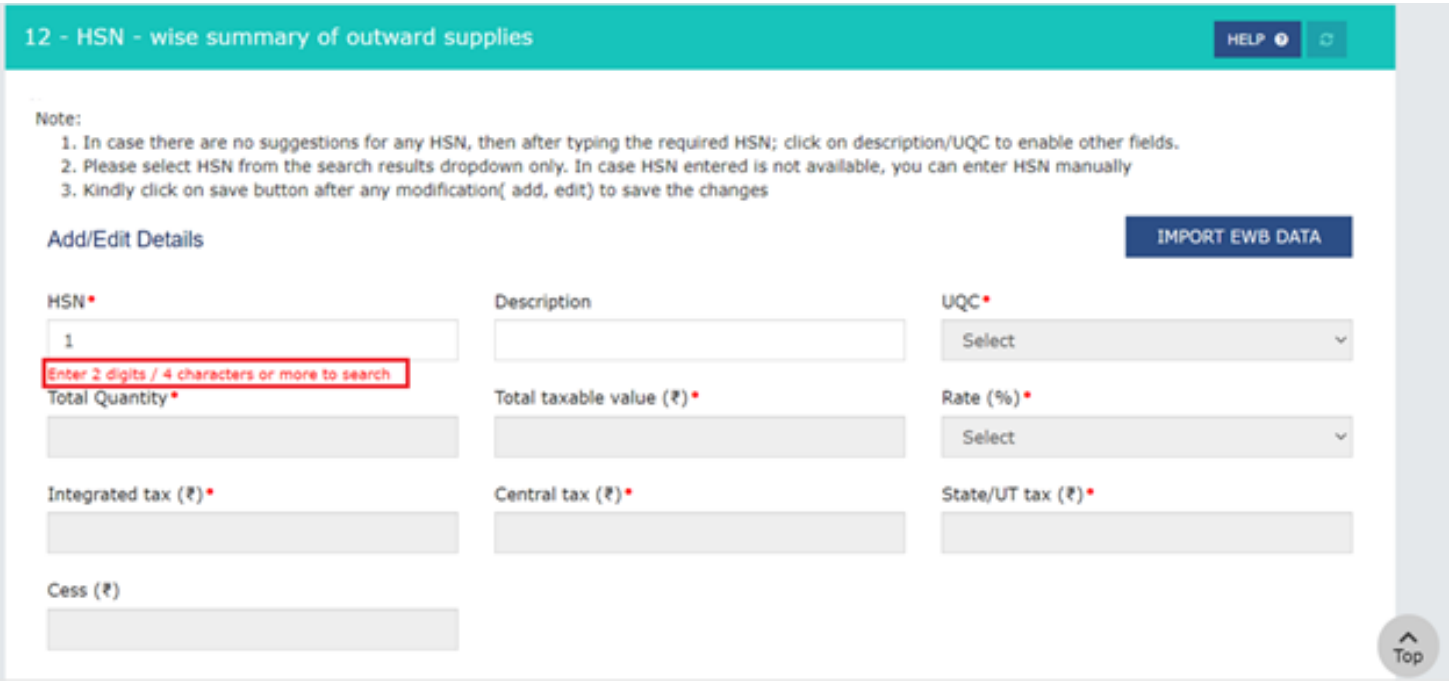

Note3:

If the user enters an invalid HSN, an error message will appear. The user can still add the record with the entered HSN which is not available in the field.

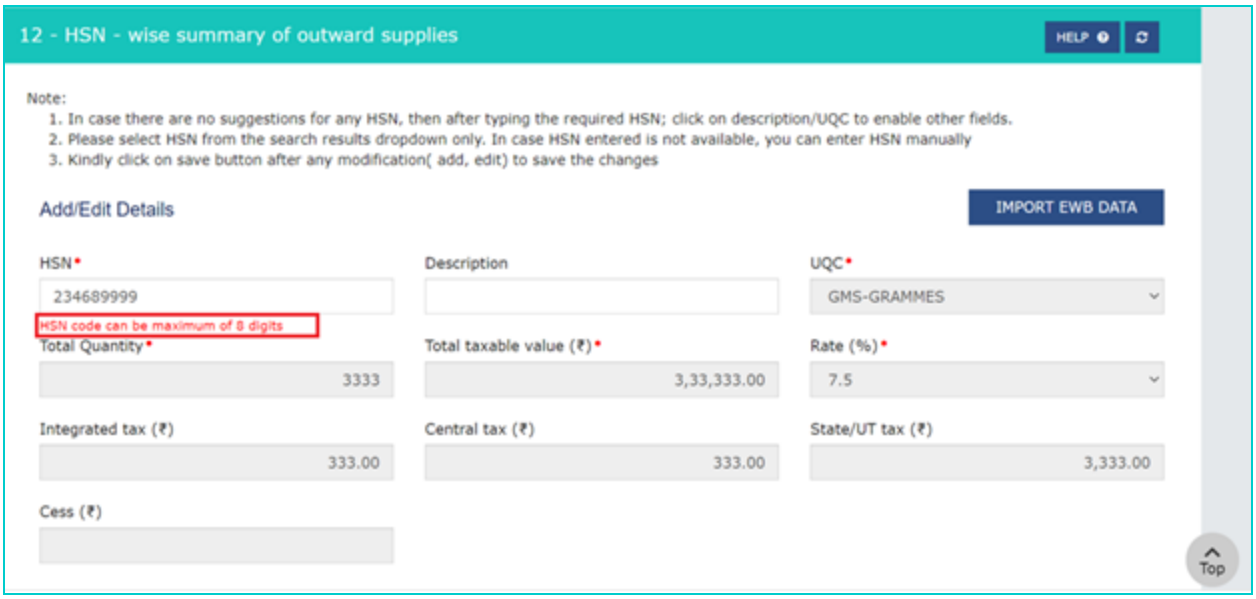

Note4:

- If the user enters a single digit in HSN, an error message will appear.

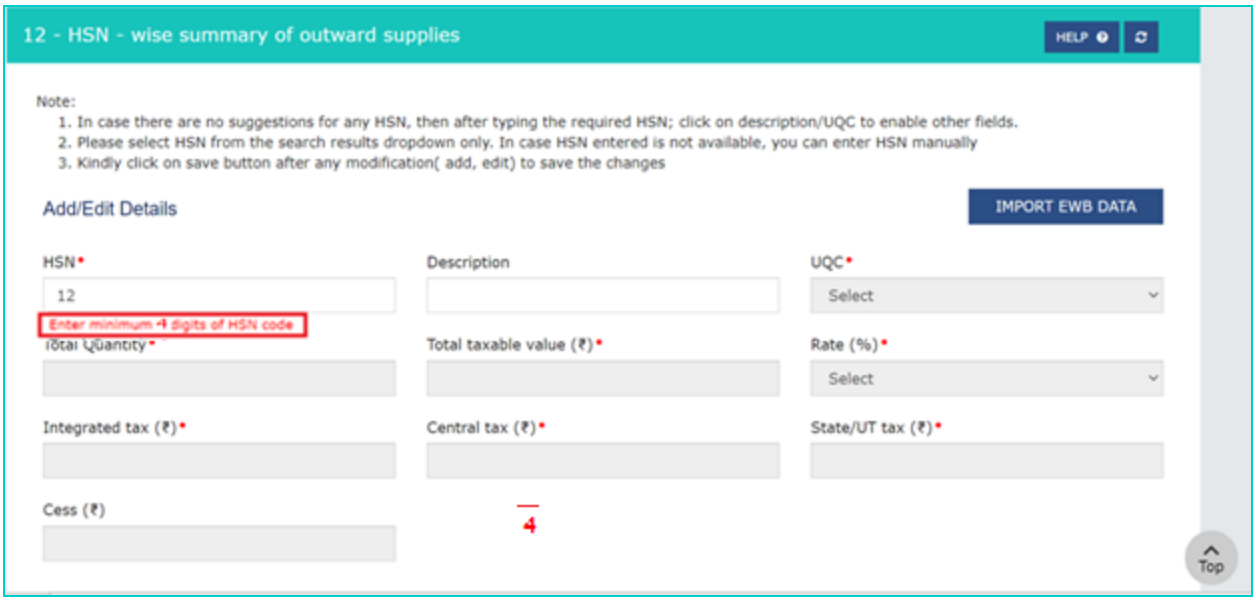

Note5:

- If the user enters more than 8 digits in the HSN, an error message will appear.

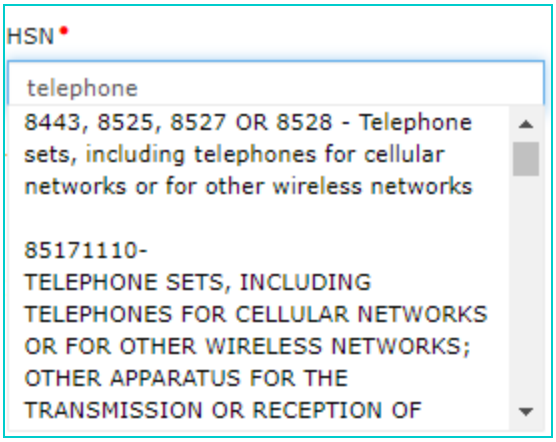

Note6:

- If a taxpayer, whose turnover is more than 5 crores, enters less than 6 digits of HSN, an error will appear.

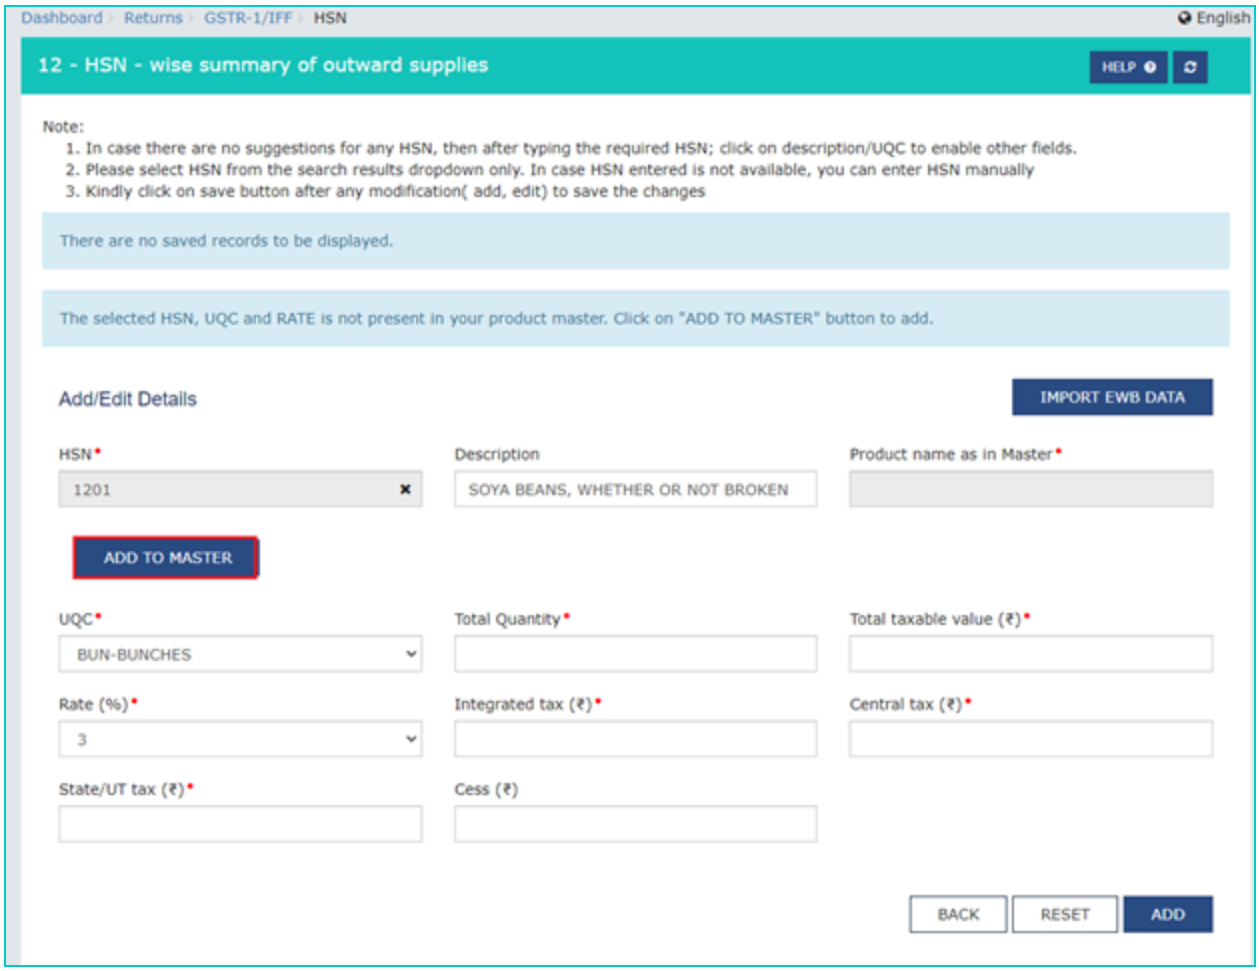

Taxpayer can search HSN code by description also. For Example: If taxpayer enters Telephone in HSN field, all HSN codes having Telephone in HSN description will come in drop-down list and taxpayer can select from available values.

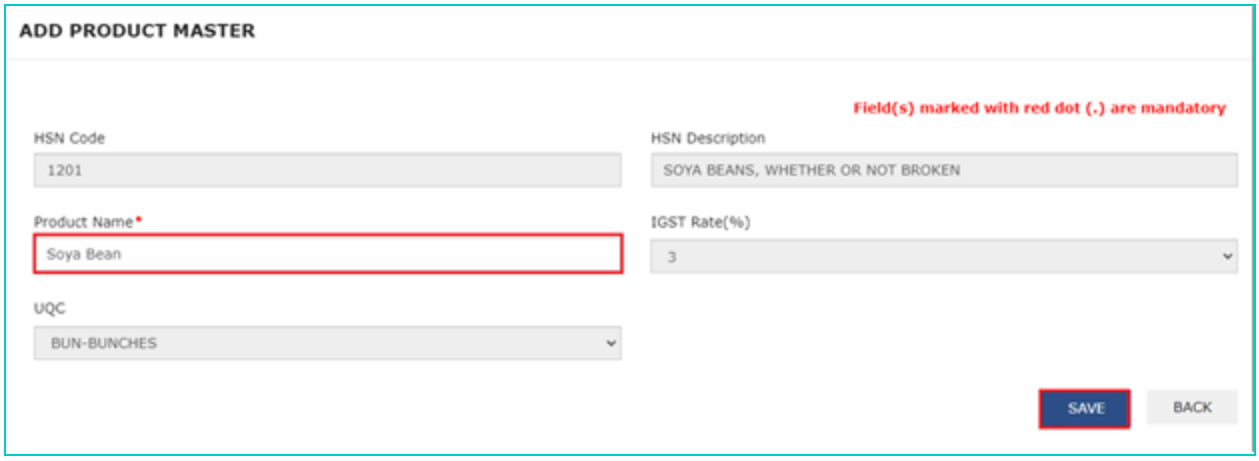

11.4. In the **UQC** field, select the appropriate Unique Quantity Code in the drop-down list.
11.5. In the **Total Quantity** field, enter the quantity.
11.6. In the **Total Taxable Value** field, enter the Total Taxable Value of the outward supply.
11.7. In the Rate field, select the Rate from the drop-down list.
11.8. After the UQC and Rate are selected an Add to Master button appears below the HSN field. From here, you can add the product to My Master.

Note 7:

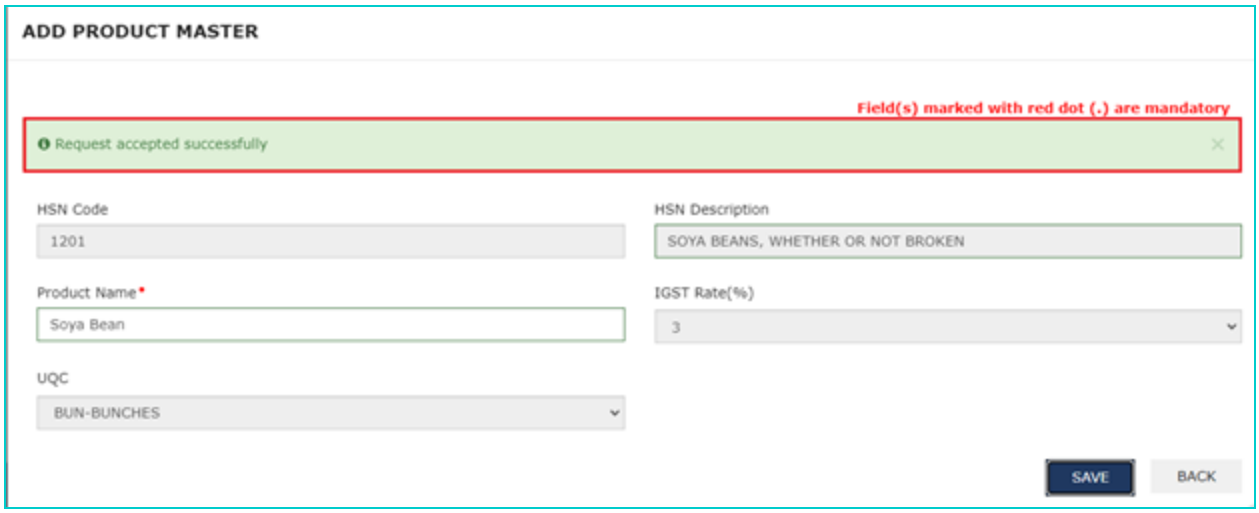

- Taxpayer can also make an entry for the HSN code manually in the HSN field, if he/she is unable to find the requisite HSN code in the drop down.
- The combination of HSN, UQC and Rate must be unique. GST Portal will not allow more than one entry with same HSN, UQC and Rate combination.
- For Example: If taxpayer has entered 1100 as HSN code, Kg as UQC and rate as 5%, they cannot add another entry with same HSN, UQC and rate. But he can add another entry with 1100 as HSN code, Kg as UQC and rate as 12%.

11.9. Click the Add to Master button. A pop-up titled Add Product Master appears. Enter the Product Name and click the Save button.

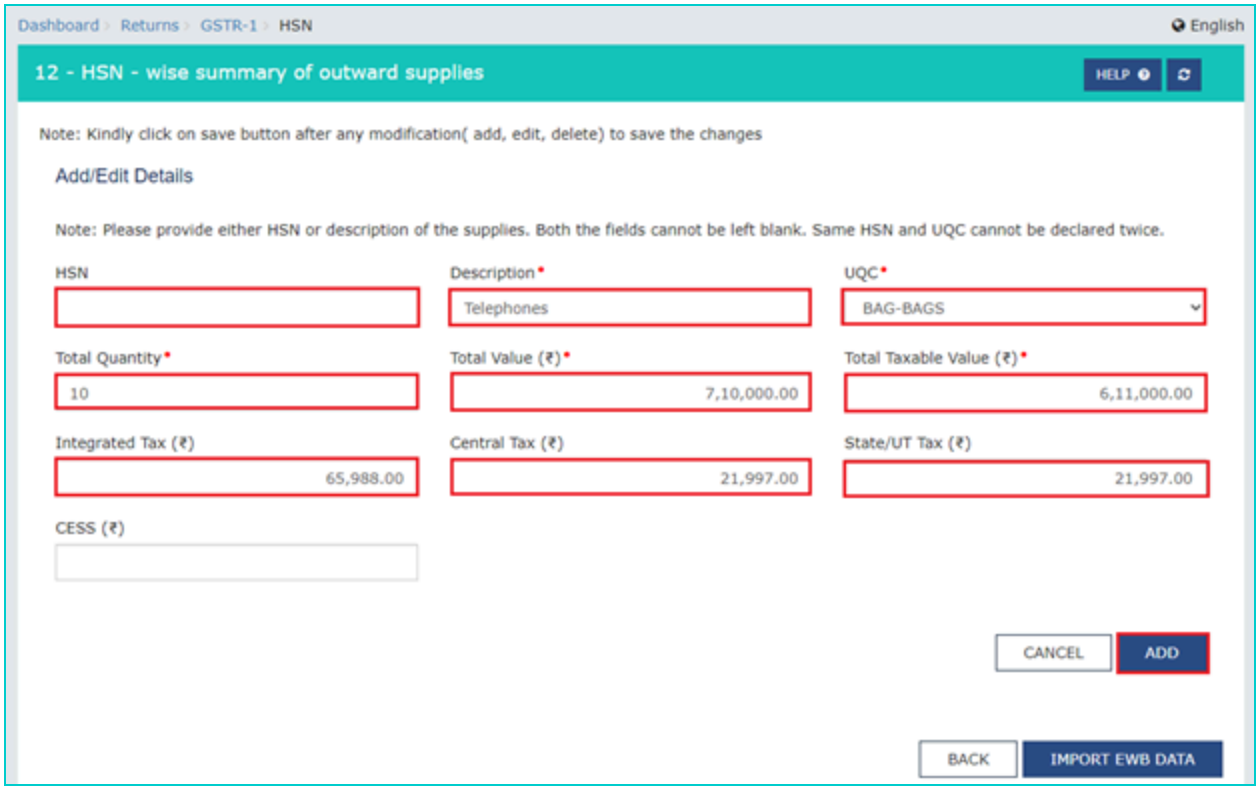

11.10. A success message will appear. Close the pop-up. The Product Name as saved in My Master will be auto-populated.

Note:

- The HSN data added here will now also be available in the Product Master table.
- If the product already exists in the Product master, the name of the product can be entered in the HSN field and the same will reflect in the drop-down. The HSN code, HSN escription, Product Name in master, UQC and Rate will then be auto-populated.

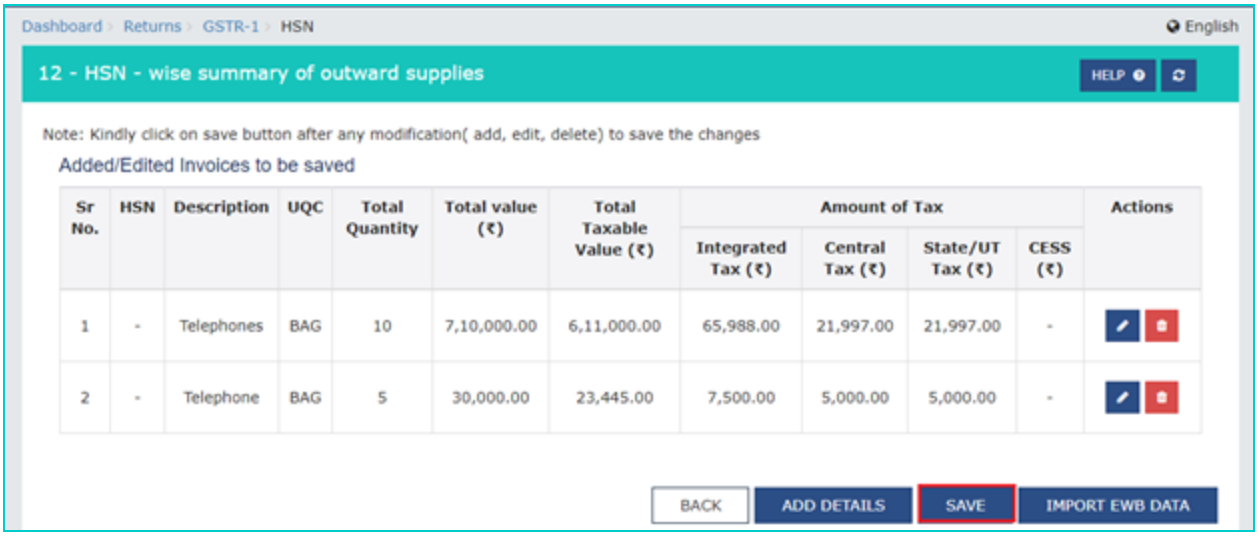

11.11. In the Integrated Tax and Cess field, enter the Integrated tax and the Cess amount.
11.12. In the Total Taxable Value field, enter the Total Taxable Value of the outward supply.
11.13. In the Central tax field, enter the Central tax amount.
11.14. In the State/UT tax field, enter the State/UT tax amount.
11.15. Click the **ADD** button.

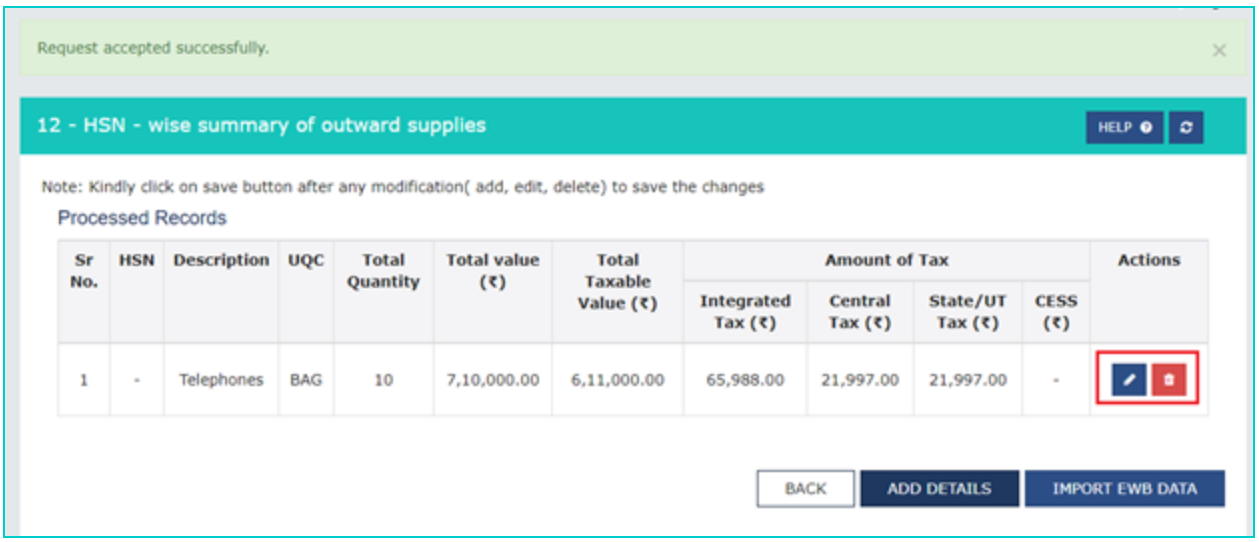

11.16. Once the ADD button is clicked, the added records are moved to Added/Edited Invoices to be saved section. Once all details are added, click the **SAVE** button.

Note:

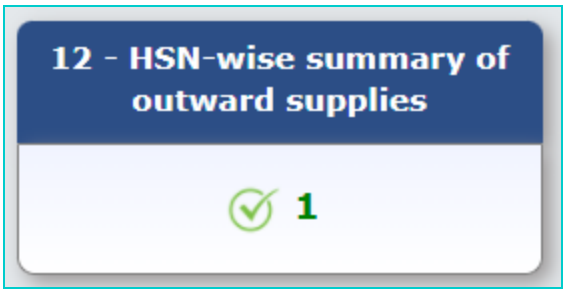

- You can click the EDIT button to edit the added details.
- You can click the DELETE button to delete the added details.
- You can click the RESET button to delete all the added details at one-go.
- You can add more HSN wise details by entering the HSN Code in HSN field.
- You can use Search feature to search for required details, which is applicable across all columns.
- To view records per page, select the required number of records from the Records Per Page drop-down list.
- To search in the list of added records, enter the relevant text/value in the Search field.

11.17. A message is displayed that Request accepted successfully. On click of save, records will move to processed table from added/edited invoices to be saved table. Click the **BACK** button to go back to the Form GSTR-1 page.

11.18. You will be directed to the Form GSTR-1 landing page and the **HSN summary of outward supplies** tile in Form GSTR-1 will reflect the number of invoices added along with Total Value, Total Taxable Value and Total Tax Liability.

## G. Generate Form GSTR-1 Summary

1. Generate Summary: Once the records are saved in GSTR-1/IFF, taxpayer shall be required to click on the new ‘Generate Summary’ button. System will acknowledge the request and taxpayer will then be required to refresh the GSTR-1/IFF dashboard page by clicking refresh icon at the top of page.

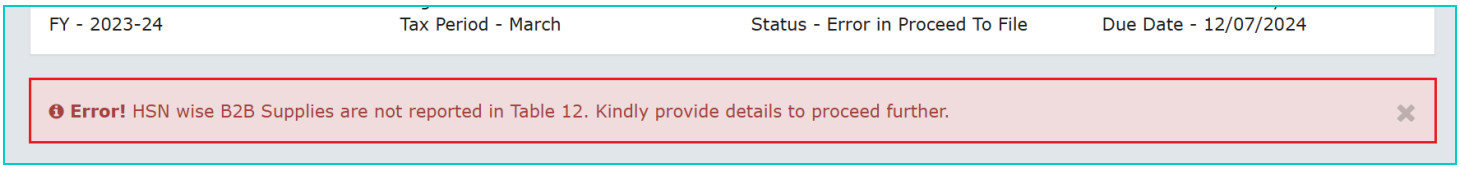

Note: Taxpayers who have opted in for Registration under Rule 14A via Form GST REG-01 will not be allowed to generate the summary of GSTR-1/IFF, if the taxes reported on Registered (B2B) supplies exceed ₹2.5 Lakhs per month. The taxpayers are required to withdraw from Registration under Rule 14A for reporting supplies without any restriction.

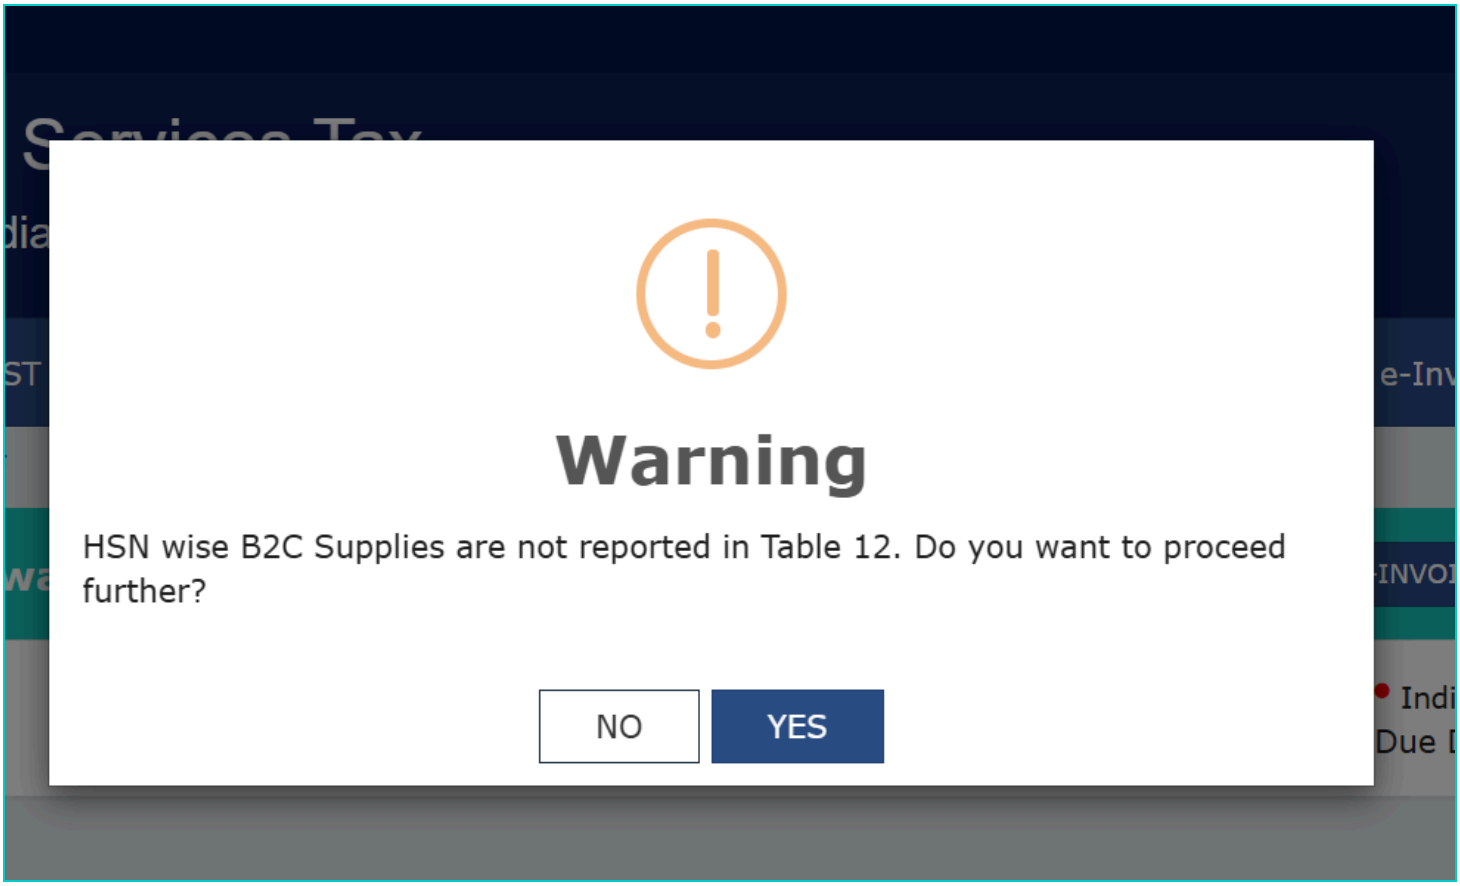

The following error message will be displayed on the screen for taxpayers who have opted for registration under Rule 14A on click of GENERATE SUMMARY button, if reported taxes on registered supplies exceed Rs. 2.5 lakhs per month.

Note 2: In case there is no data entered by the taxpayer in B2B Supplies tab of Table 12, although there is data in other B2B tables of GSTR-1, the following error message will be displayed and the taxpayer will be stopped from generating summary.

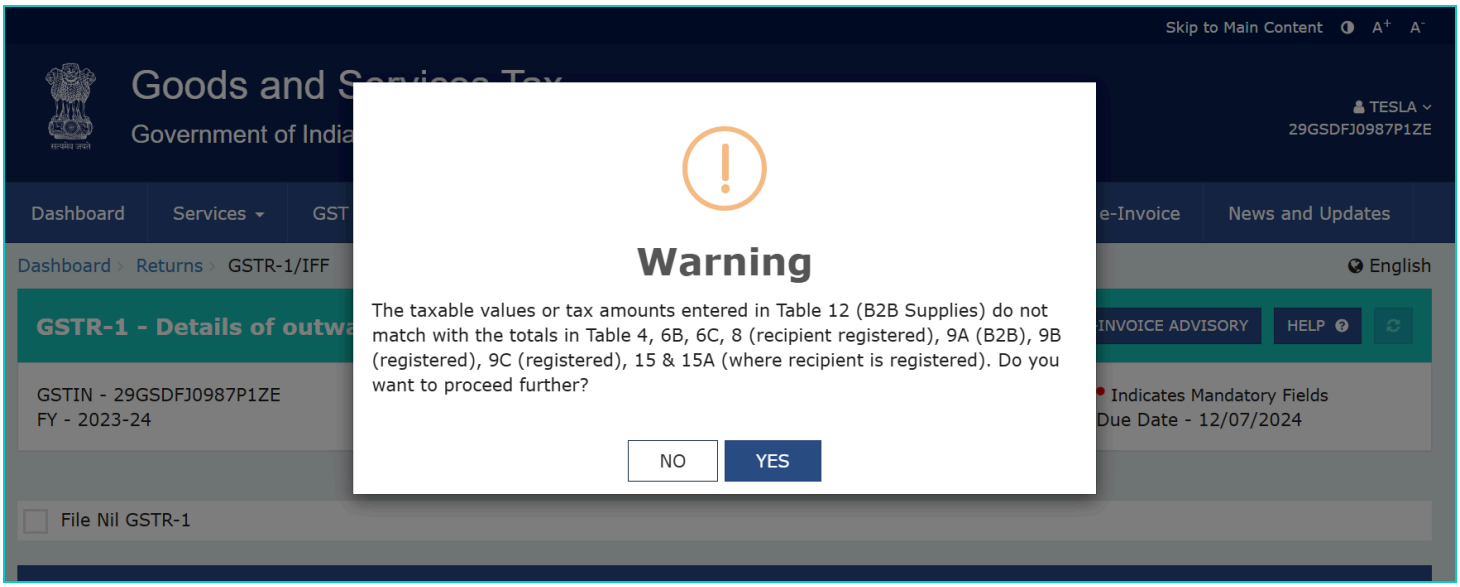

Similarly, in case there is no data entered by the taxpayer in B2C Supplies tab of Table 12, although there is data in other B2C tables of GSTR-1, a warning message will be displayed after clicking Generate Summary as follows:

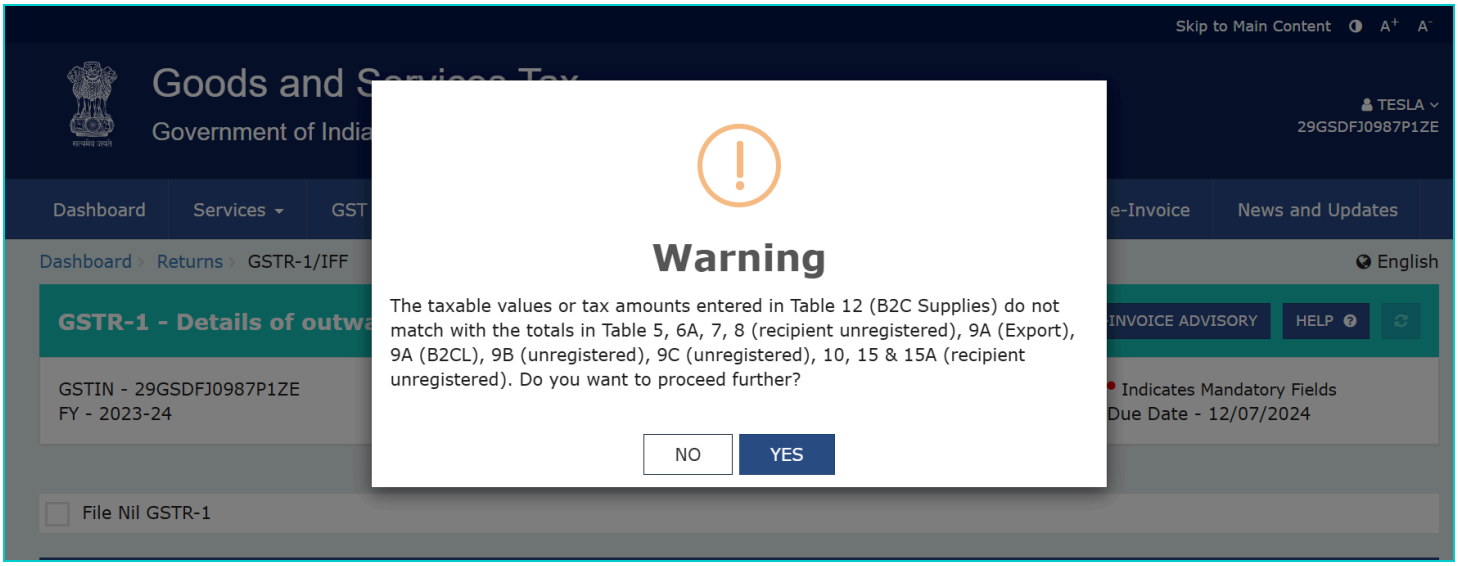

This warning message will be displayed in case where there is only data in B2C tables of GSTR-1 and some data in table 13 and the taxpayer clicks in generate summary without entering any details in both the tabs of Table 12.

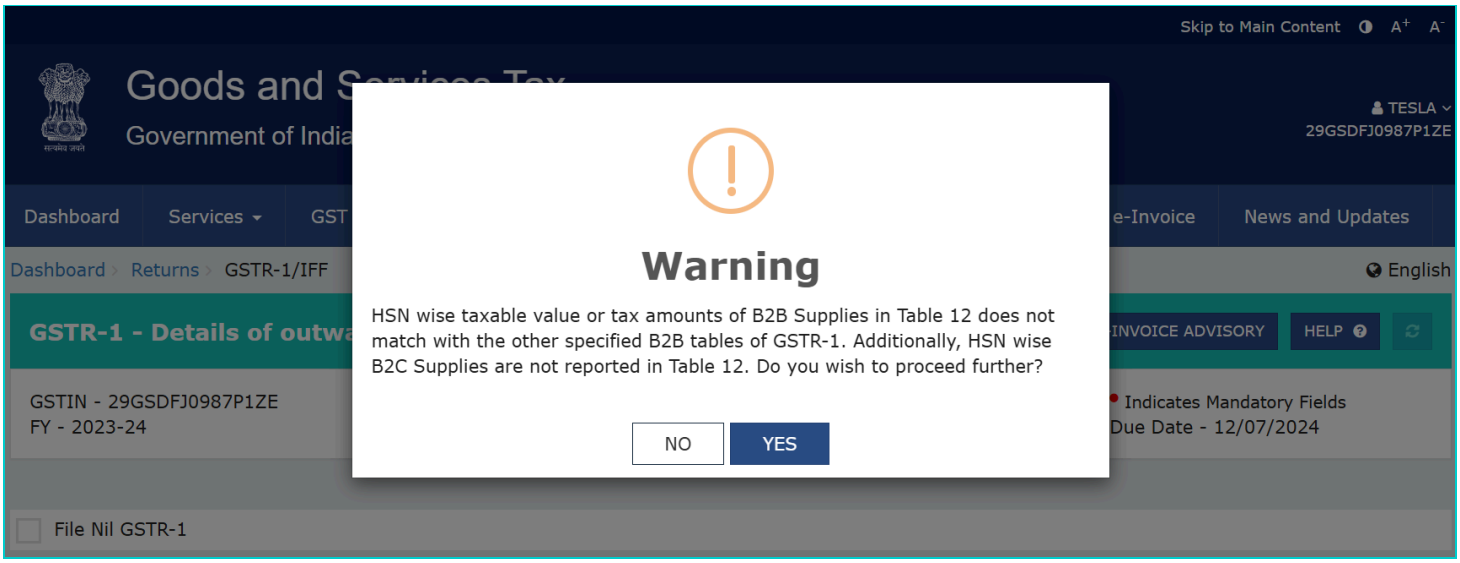

Note 3: In case the taxable values or tax amounts entered in Table 12 (B2B Supplies) do not match with the totals in Table 4, 6B, 6C, 8 (recipient registered), 9A (B2B), 9B(registered), 9C(registered), 15 & 15A (where recipient is registered). A warning message will be displayed after clicking Generate Summary as follows:

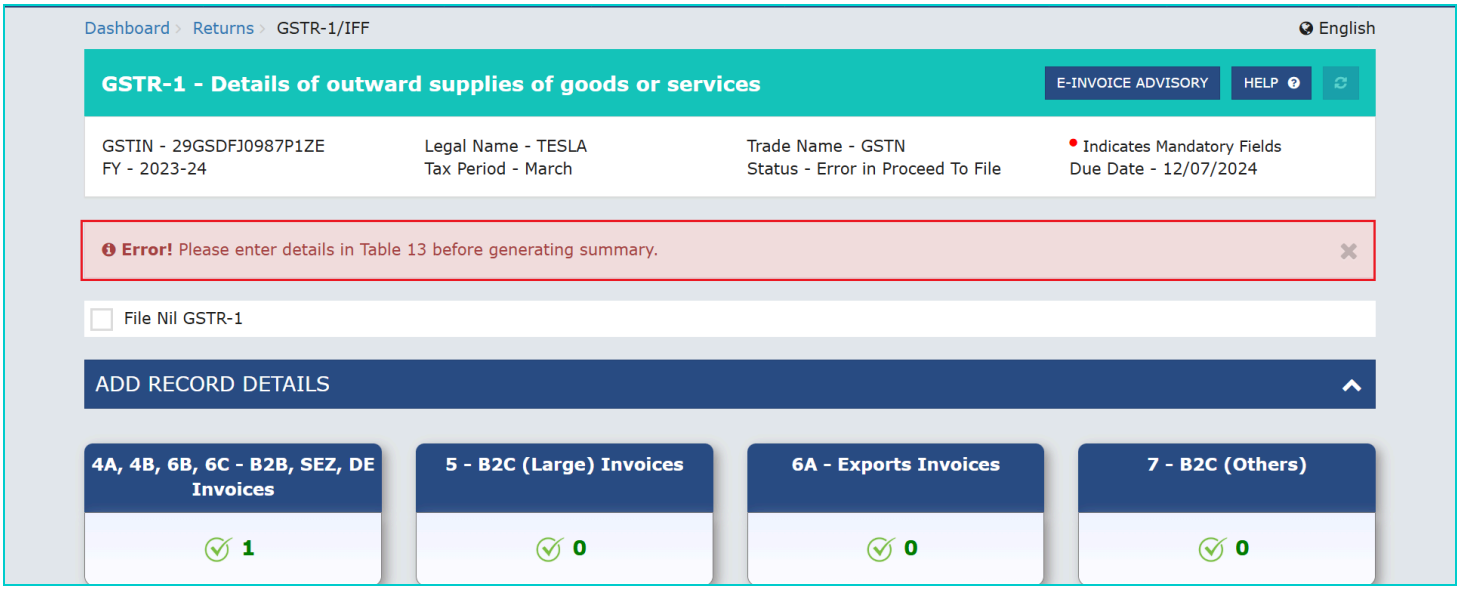

Similarly, In case the taxable values or tax amounts entered in Table 12 (B2C Supplies) do not match with the totals in Table 4, 6B, 6C, 8 (recipient registered), 9A (B2C), 9B(registered), 9C(registered), 15 & 15A (where recipient is registered). A warning message will be displayed after clicking Generate Summary as follows:

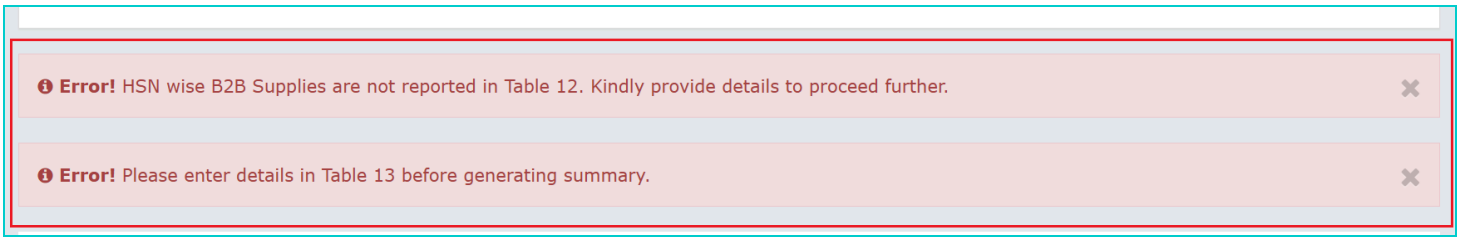

Note 4: In case the validation of taxable value & tax amounts of B2B supplies fails and taxpayer has also not entered any data in B2C tab of Table 12, then the following combined warning message will be displayed.

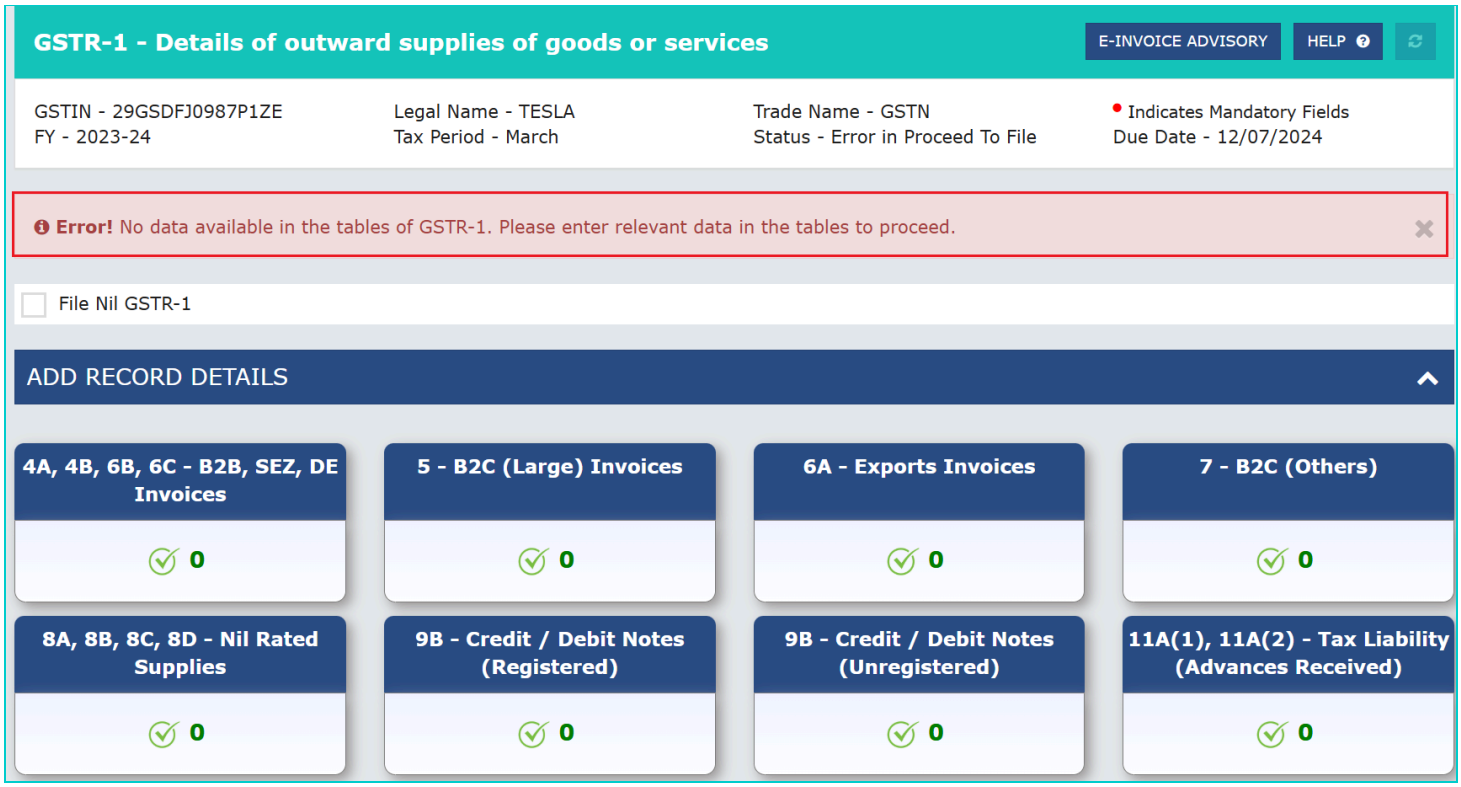

Note 5: Table 13 of GSTR-1 is mandatory. If taxpayer enters any data in Tables 4,5,6,7,8,9,10, 14 or 15, then entering of details in Table 13 will be compulsory. If taxpayer clicks on Generate Summary button without entering any values in Table 13, then the following error message will be displayed:

Note 7: In cases where there is data in B2B tables but no data in both table 12(B2B Tab) and Table 13, then two error messages will be shown one below the other upon clicking Generate Summary button:

Note 8: In cases where there is no data in other tables of GSTR-1 and there is data entered in Table 12 of GSTR-1, then the following error message will be displayed and taxpayer is not allowed to proceed with summary generation:

Note 9: If the taxable value or tax amount of an invoice is amended in Table 9A, 9C, or 15A during the current period, then for Table 12 (B2B Supplies), only the differential amount (the difference between the amended and original values) will be considered.
